Profile

Front-end web developer who is passionate about creating clean, beautiful, scalable, re-usable, future-friendly, device-independent web experience. Very strong attention to detail and over 4 years of professional experince in web development. Has experience developing projects from beginning to end while collaborating with all necessary in-house or geographically dispersed teams. On top of and always eager to learn the latest trends and technologies.

Primary interests and skill used on a daily basis include; HTML5, CSS3, Javascript and angularJs all while practicing one web.

Core Competency

- Self starter, Highly collaborative, trainer, team player with eagerness to grow and learn.
- Capable of handling several projects simultaneously while maintaining deadlines.
- Quickly learn and adopt new technologies.
- worked with the entire team to make a great product, focusing on the HTML, CSS, responsiveness, and other front end technologies. In addition, I created and maintained a style guide for the team to use as a reference for our design language.
- Fluent in english language.
- Understanding Object Oriented Principles .
